TO SURVEY THE HARBOR

BOARD APPOINTED FOR THAT
PURPOSE.

Major Langfitt of the Engineers Corps
at the Head of It-To Re-establish
Lines of the Bay.

Major W. C. Langfitt, Captain F. J.
H. Hicken and Captain H. A. Spring-
ett, of the Engineers Corps at Post
Honolulu, have been appointed a board
to survey Honolulu harbor and report
thereon to the navy department. They
received their orders yesterday morn-
ing and will get to work next week.

"We are to survey the harbor and
definitely establish all of its lines,"
said Major Langfitt, this afternoon.
"Yes, we may recommend any im-
provements as to lights, etc., that may
occur to us as being necessary. The
lines of the harbor as now mapped out
are not, in the opinion of the govern-
ment, as definite as they might be."
Major Langfitt and Lieutenant Col-
onel Ruhlman were aboard the frigate
yesterday on this business. In the
work of surveying the board will have
the assistance of the tug and her boats
and men. Surveyors from the Engineer
corps will be detailed to do the scienti-
fic work. A large force will be em-
ployed.

In the interview referred to above
Major Langfitt was asked if he, in his
work, would not be going over the
ground already covered time and again
by prior surveys. He admitted this to
be true, but retorted that the point that
the information at hand concerning the
lines of the harbor was not satisfac-
tory.

A part of the work of Major Lang-
fitt and party will be to solve the prob-
lem of harbor extension, a matter the
local government has tussled with for
five years or more. They will examine
contiguous waters and trace the coral
bed throughout the neighborhood. No
doubt in their search a district or dis-
tricts that may be opened will be dis-
covered.

It is the purpose of Major Langfitt
to get to work early next week, per-
haps on Monday. The work will be
prosecuted as rapidly as possible and
should be finished in the course of six
weeks.

ITALY WILL TRY AGAIN.

New Envoy From Rome to Peking will
Reopen Negotiations.

ROME, March 23.—Marquis Salviago
Raggi, who succeeds Signor Martino,
as Italian minister to China, is expect-
ed to reach Peking about the end of
the month. He will open negotiations
with the Tsung-li-Yamen concerning
Italy's request for a concession at San
Mun bay.

PEKING, March 23.—Sir Claude Mac-
donald, the British minister, who is
leaving for England for a brief rest,
started today for Wei-Hai-Wei, the
British fortified port on the Shan Tung
peninsula. In his absence the first sec-
retary of the British legation, H. G. O.
Bax-Ironside, will be in charge of the
British interests here.

LONDON, March 23.—A dispatch to
the Standard from Rome published to-
day announces that the Chinese Min-
ister there was received in solemn audi-
ence by King Humbert on Tuesday
last, prior to his departure the same
evening from the Italian capital.

PLENTY OF ANCESTORS.

Every man has plenty of ancestors.
In the first ascending degree—his own
parents; he has four in the second—
the parents of his father and his moth-
er; he has eight in the third—the
parents of his two grandfathers and
two grandmothers; and by the same
rate of progression he has 128 in the
seventh, 1,024 in the tenth, and at the
twentieth degree, or at a distance of
twenty generations, every man has
above 1,000,000 ancestors.

RICH CARGO.

Biggest Sailing Vessel Cargo That
Ever Left Here.

The bark Willscott expects to sail
Monday for San Francisco with a car-
go of between 60,000 and 65,000 sacks of
sugar. This is said to be the largest
cargo of sugar that ever left the Is-
lands in a sailing vessel. It will be
worth considerably over \$300,000.

It is not certain yet whether the
Willscott will return here or not. If
the question of registry is ever settled
her owners will be able to figure on
her movements with certainty.

KAHUKU RIOTERS.

Attorney General Cooper at Planta-
tion Gathering Evidence.

Attorney General Cooper and Prosec-
uting Attorney Atkinson practically
finished their work of taking testimony
at Oahu jail yesterday afternoon in
the matter of the Kahuku riot. This
morning Mr. Cooper, Deputy Marshal
Chillingworth and Japanese and Chi-
nese interpreters left for Kahuku to
get further evidence. They will return
tomorrow afternoon.

The Chinaman at Kahuku who was
so badly cut and was not expected to
live is displaying remarkable vitality.
He is very much alive today and there
are now hopes that he may pull
through.

Hood's
Cure Liver Pills

Hood's Pills are as peculiar and as pleas-
ant, in comparison with all others, as is
Hood's Sarsaparilla.

To compound a pill which shall be
pleasant to take, shall not be asked with
what hyage becomes insolent, which
shall be just that mild and agreeable to the
liver and bowels which shall open nature
to restore her disordered functions—that
is the problem for the pharmacist.
It is easy to give out that is not what
is wanted, and but sure and un-

CURE

disturbing cathartic will set Nature to
going, and relieve the head, the stomach,
the liver and all the organs of the body
from the evils of a clogged drainage.

The Liver is the gateway between the
stomach and the organs which the
stomach purveys for. Stop up the gate
and death quickly ensues. Burden it with
obstructions and a thousand ills result.

Hood's Pills CURE Liver ills, sick head-
ache, biliousness, indigestion, nausea,
constipation, without purging, without
pain, without violence.

Everybody at sometime needs them.
Everybody should keep them on hand at
all times for emergencies.

Liver Ills

Hood's Pills are sold by all druggists.
